EDUCATION

University of North Carolina at Charlotte | Belk College of Business | Charlotte, NC **May 2028**
Bachelor of Science in Business Administration, Operations and Supply Chain Management | GPA: 3.85

EXPERIENCE

Honeywell | Charlotte, NC **June 2026 – Aug 2026**
Supply Planner Intern, Honeywell Process Technology

- Built an Excel-based Advanced Planning System (APS) in 10 weeks as an interim planning tool ahead of a Kinaxis transition, now used by the planning team to balance supply and demand across 34 production lines at 7 manufacturing sites in the US, Europe, and China
- Designed multi-SKU scenario planning and safety stock heat maps to flag inventory gaps and excess over a rolling 12-month horizon, addressing key limitations of SAP APO SNP and replacing planners' local spreadsheets
- Engineered the calculation engine with dynamic array formulas (LET, FILTER, UNIQUE), XLOOKUP, INDEX/MATCH, SUMIFS, and COUNTIFS, with dropdown-driven site, line, and scenario selectors and conditional formatting
- Extracted MRP data using SQL in Snowflake and Power BI, filtering 5,000+ materials to 740+ active finished-goods SKUs, and joined BOM routing and work center tables to build a line-level material master
- Validated line, pack type, and procurement type assignments in SAP ECC (MD04, MD05), resolving data discrepancies with the data science team to ensure accurate inventory balance, net demand, and deficit calculations
- Presented the tool to project sponsors and leadership, and authored a planner operating SOP and a Power BI build specification to hand off the data pipeline

Amazon | Charlotte, NC **Jun 2025 – Aug 2025**
Area Manager Intern

- Redesigned a sorting process to eliminate force-binding defects using Excel-based data analysis, with $1.5M+ in projected annual savings
- Developed inbound dock staffing guidelines from WMS operational data, proposing a labor allocation model projected to save $5M+ annually
- Proposed a Zebra RTLS asset-tracking implementation to improve warehouse visibility, reduce asset loss, and support data-driven inventory management

ENTREPRENEURSHIP AND LEADERSHIP

Avert Automation | Charlotte, NC **Aug 2025 – Present**
Co-Founder, Business Development and Sales

- Co-founded a preventative maintenance services startup serving small and mid-sized manufacturers and industrial facilities in the Charlotte area
- Lead B2B sales, including prospecting, cold outreach, and on-site facility maintenance audits to identify downtime risk for prospective clients

Formula SAE EV | UNC Charlotte **Sep 2024 – Dec 2025**
Finance and Logistics Team Lead

- Managed a $50K+ budget across the team and sub-teams, allocating funds to keep critical vehicle development milestones on schedule
- Secured $35K+ in sponsorships from 10+ companies including Siemens, SKF, EY, Öhlins, and Haas through targeted outreach
- Oversaw procurement and logistics for vehicle components, ensuring on-time sourcing and delivery for critical build deadlines

Marketing and Outreach Team Lead

- Built the team's social media presence from scratch, standardizing brand identity across 50+ posts and directing 100+ photographs for recruitment and sponsor engagement

Freelance Photography and Videography **Jan 2023 – Present**

- Delivered 30+ photography and video projects for automotive and apparel clients, managing project timelines, creative direction, and post-production

ADDITIONAL INFORMATION

Technical and Analytics: SQL, Snowflake, Power Query, Power BI, SAP ECC, SAP APO (SNP), MS PowerPoint, WMS (Zebra)
Advanced Excel: XLOOKUP, VLOOKUP, INDEX/MATCH, SUMIFS, COUNTIFS, dynamic arrays (LET, FILTER, UNIQUE, SORT), data validation, conditional formatting
Supply Chain: Supply and Demand Planning, Material Requirements Planning (MRP), Inventory and Safety Stock Optimization, Scenario Planning, S&OP, Advanced Planning Systems (APS), Process Improvement, Data Analysis
Certifications: MS Excel Advanced
Languages: Marathi (Native), Hindi (Proficient), French (Limited Working Proficiency)
Interests: Photography, Motorsports, Cars, Travel
